Dr. Dragana Brzakovic
Science and Technology Centers: Integrative Partnerships
National Science Foundation
2415 Eisenhower Avenue
Alexandria VA 22314

Dear Dr. Brzakovic,

As Executive Director of Internews' Earth Journalism Network, a global community of over 12,000 journalists from more than 180 countries dedicated to improving coverage of climate issues, I am writing to confirm our intent to participate in the proposed Columbia-led **STC: Center for Learning the Earth with Artificial Intelligence and Physics (LEAP)**.

Specifically, we will collaborate in a workshop reviewing insights and advances in covering global climate change for journalists in world regions with heightened climate vulnerability and limited capacity to cover such issues. Our role will be help connect our network of thousands of journalists in developing countries to this opportunity.

Please do not hesitate to contact me with any questions. I or my colleague Sara Schonhardt, EJN's Managing Editor, also look forward to participating in the Partnerships and Knowledge Transfer section of the virtual site visit on Tuesday, September 22 between 4:30 and 5:15 p.m. EDT

Sincerely,

James Fahn
Executive Director, Earth Journalism Network
